Embroidery & Alterations

We offer a range of customization opportunities to make your scrubs as unique as you are, for the perfect fit and feel.

Embroidery

We offer custom embroidery on all products as well as custom badges across our ranges. You can have your name, university, hospital, or whatever you like embroidered onto your scrubs.

Embroidery is typically done on the left pocket of the scrubs, but we do allow for special requests. Have a custom badge you'd prefer? No problem, simply upload it on the website or email it to us and we can embroider that onto your scrubs too.

Alterations

Although we try our best to have standardised sizing that fits well every time, we also understand that everybody is different. So, we have implemented an alterations online system which allows you to adjust the length of your scrub tops and/ or bottoms. You can make them shorter, or longer, to help you find your fit.

ScrubLab Sizing Guide

Our sizing follows standard textile sizing charts. If you are generally a Medium, you will be a Medium in Scrub Lab's sizing. Everyone is unique, so please contact us if you need further clarification on sizing. While every effort has been made to ensure these sizing guides is as accurate as possible, these charts should serve as a guide only.

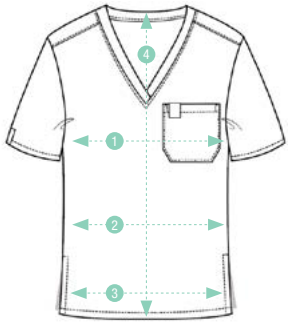

ScrubLab Comparative Sizing Guide:

The guide below compares standard numeric sizing. For example:

If you are a female and wear size 32/33 pants, you will wear a size S (Small) at Scrub Lab.

If you are a male and wear size 33/34 pants, you will wear a size M (Medium) at Scrub Lab
