About Us

Who We Are
We are a local producer, manufacturer and supplier of medical scrubs, laboratory coats, jackets and scrub caps. We offer custom embroidery on all products as well as custom badges on different coloured materials across our ranges and delivery nationwide.

Quality
We use a Poly-Cotton Twill for our scrub sets as it's very durable, comfortable, more wrinkle-free, keeps its colour and can be washed in low and high (40C) temperatures. Our Tanc Lite range is made from a poly-cotton that has a higher cotton percentage. It is a lighter weight, making it more breathable and softer on your skin.

Affordability
We're a Proudly South African company and our scrubs are produced and manufactured in South Africa and Swaziland. This allows us to keep costs down while producing exceptional quality scrubs that will last, at very affordable rates.

Made For Medicine
Not only do we excel at medical scrubs but we also offer laboratory coats, doctors jackets, scrub caps, gowns, wraps and more! Be sure to have a look through our entire product inventory to make sure that you, your practice, medical facility or classmates are fully equipped with the best utility wear you can get.

Industry Leader
We are nationally renowned for our exceptional quality, sizing, pricing and our HUGE range of colours (30+). We're confident that we have the perfect scrub set for you, at market-beating prices.

TANC

Embroidery & Alterations

We offer a range of customisation opportunities to make your scrubs, coats, jackets, and warm-up gear as unique as you are, for the perfect fit and feel.

Embroidery

We offer custom embroidery on all products as well as custom badges on different coloured materials across our ranges. You can have your name, department, school, or whatever you like embroidered onto your scrubs.

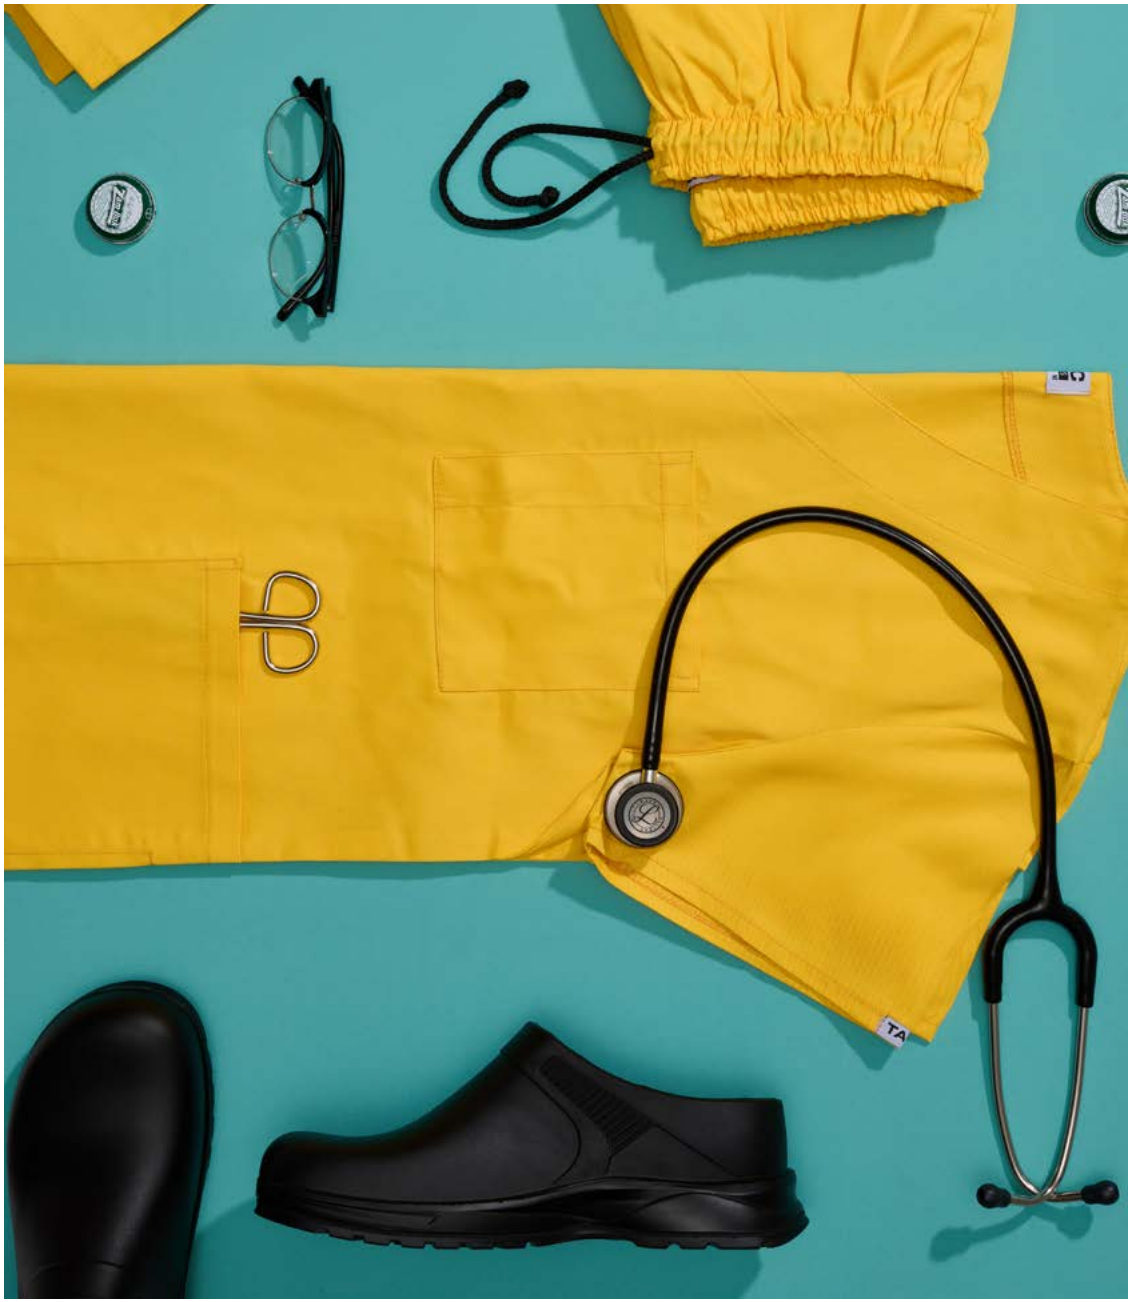

Embroidery is typically done on the left chest above the pocket, but, we do allow for special requests.

We also offer a range of health department and university logos and badges to be embroidered onto your chest pocket. Have a custom badge you'd prefer? No problem, simply upload it on the website or email it to us and we can embroider that onto your TANC products too!

Alterations

Although we try our best to have standardised sizing that fits well every time, we also understand that everybody is different. So, we have implemented an alterations system online which allows you to adjust the length of your tops and/or bottoms. You can make them shorter, or longer, to help you find your perfect fit.

We also have elasticated cuffs which are an ankle alteration for that jogger-style look!

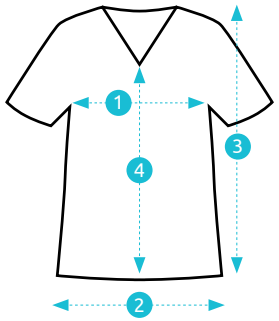

TANC Sizing Guide
